

BRUME

Featured Collections | 2024

We work with a wide variety of vendors at Brume. We continually evaluate our vendors for quality, reliability and value, so we do update our vendors periodically. We only sell what we can stand behind - just like you.

We know you add value to everything you touch, and we work hard to do the same.

We are committed to great design produced in a sustainable manner, which includes materials, working conditions, quality products and a focus on sustainable distribution which includes showrooms like us and designers like you.

Trade pricing varies with each collection. Contact our team for more information.

It is our goal to continue to be the showroom designers need. If there is anything we can do to make your job easier or more profitable, please ask.
