We work with a wide variety of vendors at Adorn and Brume. Each showroom has it's own core group, and then we have a group of vendors we don't necessarily show on the floor, but that we do resource product from when needed - we call these our "pocket" lines. We continually evaluate our vendors for quality, reliability and value, so we do update our vendors periodically.

We visit markets regularly, and we visit manufacturers' facilities so we can confidently advise you about quality, construction and appropriateness of every collection we sell. We only sell what we can stand behind - just like you.

Trade pricing varies with each collection. Contact our team for more information

It is our goal to continue to be the showroom designers need. If there is anything we can do to make your job easier or more profitable, please ask.
